- 3 (a) Each construction contract shall contain the following 4 provisions: (1) A requirement that the owner pay any amounts due 5 any contractor, subcontractor or supplier in a direct contractual relationship with the owner, whether for labor performed or materials 6 7 furnished, not later than thirty days after the date any written request 8 for payment has been made by such contractor, subcontractor or supplier; (2) a requirement that the contractor pay any amounts due 10 any subcontractor or supplier, whether for labor performed or 11 materials furnished, not later than thirty days after the date the 12 contractor receives payment from the owner which encompasses labor 13 performed or materials furnished by such subcontractor or supplier; 14 [and] (3) a requirement that the contractor shall include in each of its 15 subcontracts a provision requiring each subcontractor and supplier to 16 pay any amounts due any of its subcontractors or suppliers, whether

for labor performed or materials furnished, not later than thirty days after the date such subcontractor or supplier receives a payment from the contractor which encompasses labor performed or materials furnished by such subcontractor or supplier; (4) a requirement that, for all pending or approved change orders or directives, the minimum allowable rate of overhead and profit to be paid to any contractor or subcontractor who performs such work shall be not less than fifteen per cent of the total value of such work; and (5) a requirement that at any time the cumulative sum of the total pending construction change orders or other pending change directives exceeds five per cent of the original total contract or subcontract cost, the contractor or subcontractors who have performed work under such pending change orders or directives are relieved of any express or implied duty to perform any additional changes to the work under the terms of such contract or subcontract.

- (b) Each payment requisition submitted in accordance with the requirements of subsection (a) of this section shall include a statement showing the status of all pending construction change orders, other pending change directives and approved changes to the original contract or subcontract. Such statement shall identify the pending construction change orders and other pending change directives, and shall include the date such change orders and directives were initiated, the costs associated with their performance and a description of any work completed. As used in this section, "pending construction change order" or "other pending change directive" means an authorized directive for extra work that has been issued to a contractor or a subcontractor, but an approved change order has not yet been issued and payment can not be processed for such extra work.
- (c) (1) If payment is not made by an owner in accordance with the requirements of subdivision (1) of subsection (a) of this section or any applicable construction contract, such contractor, subcontractor or supplier shall set forth its claim against the owner through notice by registered or certified mail.

- (2) If payment is not made by a contractor in accordance with the requirements of subdivision (2) of subsection (a) of this section or any applicable construction contract, the subcontractor or supplier shall set forth its claim against the contractor through notice by registered or certified mail.
- (3) If payment is not made by a subcontractor or supplier in accordance with the provisions of subdivision (3) of subsection (a) of this section, the subcontractor or supplier to whom money is owed shall set forth its claim against the subcontractor or supplier who has failed to comply with the provisions of said subdivision (3) through notice by registered or certified mail.
  - (4) (A) Ten days after the receipt of any notice specified in subdivisions (1), (2) and (3) of this subsection, the owner, contractor, subcontractor or supplier, as the case may be, shall be liable for interest on the amount due and owing at the rate of one per cent per month. Such interest shall accrue beginning on the date any such notice is received. In addition, such owner, contractor, subcontractor or supplier, upon written demand from the party providing such notice, shall be required to place funds in the amount of the claim, plus such interest of one per cent per month, in an interest-bearing escrow account in a bank in this state. Any such owner, contractor, subcontractor or supplier, upon receiving notice under subparagraph (A) or (B) of this subdivision, may refuse to place the funds in escrow on the grounds that the party

making such demand has not substantially performed the work or supplied the materials according to the terms of the construction contract. In the event that such owner, contractor, subcontractor or supplier refuses to place such funds in escrow and such owner, contractor, subcontractor or supplier is found to have unreasonably withheld payment due a party providing such notice, such owner, contractor, subcontractor or supplier shall be liable to the party making demand for payment of such funds and for reasonable attorneys' fees plus interest on the amount due and owing at the rate of one per cent per month. In addition, any owner, contractor, subcontractor or supplier who is found to have withheld payments to a party providing such notice in bad faith shall be liable for ten per cent damages.

- (e) This section shall not be construed to prohibit progress payments prior to final payment of the contract and is applicable to all subcontractors and suppliers for material or labor whether they have contracted directly with the contractor or with some other subcontractor on the work. Each owner that enters into a contract under this section and fails or neglects to make payment to a contractor for labor and materials supplied under a contract, as required pursuant to subdivision (1) of subsection (a) of this section, shall, upon demand of any person who has not been paid by the contractor for such labor and materials supplied in the performance of the work under the contract, promptly pay the person for such labor or materials.
